

Erik Raudsep Thanks Michaux for Service: Erik Raudsep vows to continue the fight for equality for all!

Durham, NC
February, 9th 2018

Erik Raudsep congratulates and thanks Mickey Michaux for 40 years of service to North Carolina and to Durham. His work for equality of not only the African American community but also the LGBTQ and Woman's communities is an inspiration to all potential representatives for Durham.

Erik Raudsep is running on the Libertarian Ticket in 2018 for District 31 and announced late in 2017. Erik was looking forward to an issue biased campaign with Mickey on where we agreed on what the issues were but how to achieve the solutions may have differed. Erik was quoted last night upon hearing the news that Michaux had formally announced his retirement, "After fighting as hard as Michaux has for as many years as he has fought no one has earned a rest as much as he has, and I (Erik Raudsep) can only hope that Durham has the confidence in me to continue his fight for equality for everyone in North Carolina and Durham."

Mr. Raudsep is looking forward to discussing in an open and civil manner the possibility of the future where everyone finds themselves with equal and solid footing in North Carolina using common sense solutions that can truly benefit everyone especially the minority and under privileged communities.
